

Sport is a physical demand

Friendship is not an invaluable feeling, but art and beauty. We honor the person who loves his friends, and the fact that he enjoys many friends determines the sincerity of sincerity. This must be the dominant position in the different tournaments. In order to ensure the implementation of the State Program "Youth Policy of the Republic of Uzbekistan" and increase the interest of students in sports and effective organization of their leisure on April 28, Tashkent Institute of Irrigation and Agricultural Mechanization Engineers, Department of Energy Supply of Agriculture and Water Resources a football competition under the slogan "Dean Cup".

In this competition, our faculty participated in all the talented, high-intensity students with their groups. The competition was organized among all the teams, and the games became intense. In competitions held in high mood, the 212th group took first place, the second place was taken by 409 students and the third place was taken by the 401th group. We look forward to further initiatives such as events and activities of the faculty, which will continue.
